

NOOR MOHAMED J

Performance Marketing Executive — Paid Social & Digital Campaigns

Thanjavur, Tamil Nadu, India | +91 70945 95720 | jalal15368@gmail.com

CAREER OBJECTIVE

Data Science graduate with a strong analytical, detail-oriented mindset and hands-on experience in data entry, database management, and reporting. Certified in AI-powered data analytics, Python, and NoSQL databases, with a quick-learning approach to new tools and platforms. Seeking to bring data-driven decision-making, accuracy, and dedication to a Performance Marketing Executive role at Biznet Consulting, supporting paid campaigns across LinkedIn, X, Snapchat, Google, and Meta Ads.

CORE STRENGTHS FOR PERFORMANCE MARKETING

- Analytical & Data-Driven: Data Science degree plus GenAI-Powered Data Analytics certification — well suited to reading CPL, CPC, CTR, and ROAS campaign metrics.
- Google Marketing Suite Certified: Google Ads Display, Campaign Manager 360, and Google Analytics certifications — direct platform readiness for this role.
- Fast Learner & Tech-Savvy: Certified in Python and MongoDB/NoSQL fundamentals — quick to adopt LinkedIn Campaign Manager, X Ads, Snapchat Ads Manager, and Meta Business Suite.
- Accuracy & Reporting: Proven data entry and verification experience, directly transferable to building clean campaign reports and dashboards.

PROFESSIONAL EXPERIENCE

Data Entry & Administrative Executive — CAMS, Chennai

05/2026 – Present

- Executed accurate, high-volume data entry and verification for financial forms using MS Excel and internal databases, building numerical accuracy relevant to tracking campaign performance data.
- Maintained error-free records and flagged discrepancies promptly — directly applicable to monitoring campaign KPIs and catching underperforming ads early.

PROJECTS

- Spread Spectrum Watermarking Security — Built a digital watermarking system to protect multimedia content from unauthorized access, using spread spectrum techniques for secure data protection.
- Sustainable Smart City Assistant (IBM Granite LLM) — Built an AI assistant delivering real-time insights and data-driven recommendations using NLP, showcasing applied AI and analytics skills.

CERTIFICATIONS

- Google Ads Display Certification — Google
- Campaign Manager 360 Certification — Google
- Google Analytics Certification — Google
- GenAI-Powered Data Analytics Job Simulation — Forge
- MongoDB Basics for Students — MongoDB
- Python for Programmers
